

ALGORITHM FOR THE ENTRY OF INTERNATIONAL STUDENTS INTO RUSSIA

1

What you should to enter Russia

- Notify the university at least 10 days in advance by email of the date of entry into the Russian Federation and the border crossing point.
- Receive entry information by email.
- No earlier than 3 calendar days prior to arrival in Russia, take a COVID-19 test by the PCR method.
- When you cross the border of the Russian Federation and get admission to the University dormitory, you should have a medical certificate in Russian or English with a negative test result.

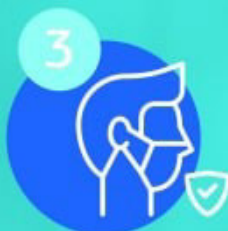

2

Upon arrival in Russia

- Within 72 hours after entering the territory of Russia, re-test for COVID-19 by the PCR method.
- Observe the self-isolation regime at the place of residence until a negative test result is obtained.
- During the period of being in isolation, all training sessions are held online
- After you receive the result of the second PCR test, send scans of both certificates with negative results to the university.
- *Students are allowed to take classes if they have two negative test results.*

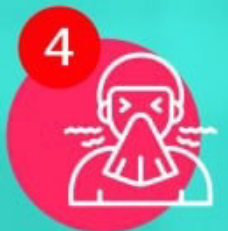

3

On campus

- Classes are held in a mixed format.
- Sanitary standards and social distance are respected during classes.
- All those entering the University buildings have their temperature taken. Persons with cold symptoms are denied access.

4

If you are ill, call

If symptoms of a respiratory illness occur, seek medical help immediately by calling "103" or "112" and report it to the university.

In difficult situations, contact:

- **Your University**
- **The hotline of the Situation Center of the Ministry of Science and Higher Education of the Russian Federation +7(495)198-00-00, scminobr@mail.ru**
